Viewing location: Cheshire High School Auditorium
Date: Sunday, February 12, 2006
Time: 2:00pm
Admission: Free

The film, which is of interest to people of all ages, and very appropriate for families, details a Holocaust awareness project actually undertaken at Whitwell Middle School in rural Tennessee. The screening is sponsored by Congregation Kol Ami in Cheshire, as part of its commitment to diversity education following the desecration of its cemetery. As part of ongoing efforts to deal with the tragedy, Congregation Kol Ami is working to raise consciousness about the need for diversity education in the community, and its members hope that people of all faiths will support this effort by joining them at this important event.

We support Congregation Kol Ami by promoting and attending this event after the desecration of their Bristol cemetery .

Rabbi Becker teaches Torah to Shabbat School students in 2015.

January, 2018 – Holocaust Remembrance Day
